

GREENWAVE POTTING MIX

Ready-to-Use Blend for Indoor & Outdoor Plants

Ideal for potted plants and seedlings

Greenwave Potting Mix is a ready-to-use blend designed to support the healthy development of indoor and outdoor plants. Made with nutrient-rich organic matter and seaweed, it provides a practical growing medium for potted plants, seedlings and everyday gardening.

Key Benefits

Ready to Use

A convenient potting mix that can be applied directly for potted plants and seedlings.

Supports Seedling Development

Helps create suitable growing conditions for young plants.

Suitable for Indoor & Outdoor Plants

Can be used across a variety of home gardening and planting needs.

Made from Organic Materials

Made from 100% organic materials.

Supports Healthy Plant Growth

Contains a blend of top soil, compost and biochar to help support plant establishment.

Product Composition

Ingredients:

Top soil, compost and biochar.

Suitable For

Greenwave Potting Mix can be used for:

- Indoor plants
- Outdoor plants
- Potted plants
- Seedlings

- Seeds and cuttings
- Home gardens
- Conventional agriculture
